

HYLAN DENOUNCES  
"TRACTION WOLVES"

Mass Meeting That  
Curtail Service.

Mayor Hylan, addressing the citizens of New York, at a mass-meeting in the 12th New York Infantry Armory last night defended his attacks on the traction interests of the city, which he called "The Traction Rings." Among other things he said:

"Poor management, bad service, obsolete equipment and other causes have resulted in a decrease in passenger traffic on the surface lines. But the subway is a paying proposition. In order to bolster the revenue of the surface lines, the subway operators

want to secure an increased fare." The traction interests, the Mayor charged, deliberately tried to enforce their will by curtailing service; this device failed because the city at once installed bus lines.

"By dark lantern methods," the Mayor continued, "the traction wolves tried to smuggle through increased fare bills at Albany." He charged The World in attacking him, editorially, for his stand had ignored the disclosures relative to financial jockeying and stock manipulation as the causes of the distress of the companies.

**Barry Trial Delayed by Juror's Illness.**

Barry received today a large amount of pink carnations, with a card inscribed: "Be brave, I still believe in you, Grace." The flowers were sent to the sailors' hospital in the Brooklyn Navy Yard.

# You Can See Our \$47 Suits in a B'dway Store at \$75

Now, if you can beat that the pleasure is all yours. Come here and we will tell you the name of the store.

**How Many Men Would Pay \$25 for a Suit—and Then Pay Ten Dollars Extra for a Box with a Fancy Name?**

Well, that's just what it amounts to when you buy clothing and furnishings in those high-rent stores. You pay so much for the merchandise, so much for the firm's name and so much for the firm's location. That's common sense, and you can't refute it. If you doubt it, then buy something here and see what others ask for the same goods.

**Now, If You Really Want to Save Money—This Sale Will Prove It**

**THE SURPRISE STORES** have selected for men and boys a number of items in Clothing and Furnishings at low prices, and we print them here to show you that it is not necessary for you to pay high prices in order to get good and desirable merchandise.

No man or woman can say that these prices are high, and nobody will deny that the articles are desirable once they are seen. Why don't you come to these stores and see what they offer? Thousands are crowding these stores every month from Broadway and Fifth Avenue.
